

04-7102-9420

Prevents adult horn fly emergence from manure of treated cattle. A nutritional supplement for beef cattle containing (S)-Methoprene* Insect Growth Regulator for continuous feeding to beef cattle on pasture through the horn fly season. *As the Insect Growth Regulator ALTOSID®

MVP 24% Cattle Cake (IGR Fly Control)

This all natural protein, energy, concentrated vitamin, major and trace mineral package is specifically formulated for mature and growing beef cattle to compliment roughage (grass hay or dry grass pasture) and to replace range cubes or cake. Provide plenty of drinking water and free choice salt. This feed contains added selenium at 6 ppm.

ACTIVE INGREDIENT: (S)-Methoprene (CAS#85733-18-6) ----- 0.005% OTHER INGREDIENTS----- 99.995% Total 100.000%

GUARANTEED ANALYSIS

Table with 2 columns: Component and Percentage/Amount. Includes Crude Protein (24.00%), Crude Fat (-5.00%), Crude Fiber (-2.50%), Calcium (Ca) (1.50%), Phosphorus (P) (-1.00%), Salt (NaCl) (-0.00%), Magnesium (Mg) (-2.00%), Potassium (K) (-2.50%), Copper (Cu) (-300 ppm), Iodine (I) (-44 ppm), Manganese (Mn) (-450 ppm), Selenium (Se) (6 ppm), Cobalt (Co) (-9 ppm), Zinc (Zn) (-800 ppm), Vitamin A, minimum (-100,000 IU/lb), Vitamin D3, minimum (20,000 IU/lb), Vitamin E, minimum (-130 IU/lb).

INGREDIENTS

Beet Molasses, Plant Protein Products, Sodium Phosphate, Monocalcium Phosphate, Vegetable Oil, Magnesium Oxide, Dehydrated Aspergillus Oryzae Fermentation Extract, Zinc Oxide, Copper Sulfate, Cobalt Sulfate, Sodium Selenite, Manganous Oxide, Ethylenediamine Dihydriodide, Potassium Iodate, Calcium Carbonate, Vitamin A Acetate, Vitamin D3 (choliciferol), Vitamin E (di-alpha-tocopheryl acetate), Thiamine Mononitrate, Biotin, Folic Acid, Vitamin D (Pantothenic Acid), Pyridoxine Hydrochloride, Vitamin B12 Supplement, Riboflavin, Ascorbic Acid, Niacin, Vitamin K (Menadione Dimethylpyrimidinol Bisulfite) and Ethoxyquin (a preservative).

KEEP OUT OF REACH OF CHILDREN CAUTION

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Warning: Contains high levels of copper. Do not feed to sheep.

Selenium Caution: Directions for use must be carefully followed. Do not use in association with other feed containing supplemental selenium. This product is free of anti-microbial activity and is not a source of viable cells.

FEEDING RECOMMENDATIONS

220- 440 grams (8-18 ounces/50-lbs.) per head per day. Product should be available continuously. Locate tubs near a source of water, salt or loafing areas. On open range locate tubs where animals congregate, near gaps or along trails. Variables in consumption could be temperature, humidity, type of animal, animal size, stage of production and animal health. The quality, source, availability of roughage and/or light grain may also affect consumption. Measure product upon first introduction to figure consumption. Tub holds approximately 3.2 kg/cm (18 lb. per inch). Increase consumption by decreasing number of head or adding another tub. To reduce consumption, increase number of head or move tubs away from congregating areas. If this fails, remove a tub. Always provide a fresh, clean source of water and free choice salt.
