### INGREDIENTS

Monocalcium phosphate, dicalcium phosphate, calcium carbonate, salt, processed grain by-products, molasses products, potassium sulfate, magnesium sulfate, magnesium oxide, yeast culture, manganese sulfate, zinc sulfate, copper sulfate, sodium selenite, ethylenediamine dihydroiodide, cobalt sulfate, vitamin A acetate, vitamin D3 supplement, vitamin E supplement, red iron oxide, artificial flavoring.

### FEEDING DIRECTIONS

Feed this product to cattle only. When used as directed, MFM 2:1 ALTOSID IGR MINERAL will provide sufficient S-methoprene insect growth regulator to prevent the emergence of adult horn flies from the manure of treated cattle. Existing adult horn flies will not be affected. Start feeding before horn flies first appear and continue use until cold weather marks the end of the horn fly season. Allow free choice to cattle. Cattle should consume an average of .4 ounces of this product per 100 lbs. of bodyweight per day, which is equivalent to 4 ounces per day for a 100 lb. cow.

**CAUTION: Use as directed.** Consumption of selenium should not exceed 3 mg per head per day.

**WARNING:** This product which contains added copper, should not be fed to sheep or species that have a low tolerance to supplemental copper.

### KEEP OUT OF REACH OF CHILDREN

**CAUTION: STORAGE AND DISPOSAL** Do not contaminate water, food or feed by storage or disposal. **Storage:** Store in a cool dry place in original container. **Container Disposal:** Non-refillable container. Do not reuse or refill this container. Completely empty bag, then offer for recycling if available or dispose of empty bag in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke. **Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on-site or at an approved waste disposal facility.
