#### Feeding Directions:

Provide **Pasture Max Breeder Mineral** to cattle on a free choice basis. Consumption should not exceed 4 ounces per head daily. Locate each mineral feeder near a clean, fresh source of water. Mineral consumption levels will vary depending upon the mineral status of the animals. Provide fresh, clean water to all animals at all times.

For additional information, please contact your Martindale Feed Mill representative.

CAUTION: Use as directed. Consumption of selenium should not exceed 3 mg per head daily.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.

NET WEIGHT: 50 LBS. (22.7 KG)
