INGREDIENTS

Dicalcium phosphate, monocalcium phosphate, salt, magnesium oxide, potassium chloride, molasses products, soybean hulls, animal fat (preserved with BHA), cobalt sulfate monohydrate, cupric sulfate, calcium iodate, ferrous sulfate, ferric oxide, manganese sulfate, manganous oxide, zinc sulfate, zinc oxide, sodium selenite, calcium carbonate, vitamin A supplement, vitamin D-activated animal sterol (source of vitamin D3), and vitamin E supplement.

FEEDING DIRECTIONS

Feed 12-12 vitamin-mineral block free choice to cattle on pasture. Desired level of consumption is 4 oz. to 6 oz. per head per day. No additional salt should be fed. To achieve desired level of consumption, place vitamin-mineral block nearer to or further from watering or loafing areas. Supply clean, fresh water at all times.

CAUTION: Consumption of selenium should not exceed 3 mg per head daily.

WARNING: This product which contains added copper should not be fed to sheep or any species that have a low tolerance to supplemental copper.
